Dr. Hartmut Döhner is a Professor of Medicine and Medical Director of the Department of Internal Medicine III at Ulm University, Ulm, Germany, since 2022 Member of the Executive Board of the National Center for Tumor Diseases Southwest (NCT-SW, Ulm site), former Director of the Comprehensive Cancer Center Ulm (CCCU) (2006-2021; since 2021 Deputy Director); and Coordinating Investigator of the Collaborative Research Center (SFB) 1074 "Experimental models and clinical translation in leukemia."

Dr Döhner studied medicine at the Universities of Regensburg, Freiburg (Germany) and Montpellier (France). He received his training in Hematology and Medical Oncology at the University of Heidelberg. Between 1988 and 1990, he spent a two-year period as a post-doctoral associate in the Department of Medicine, Division of Oncology (Prof. Clara Bloomfield) and the Department of Laboratory Medicine and Pathology, Division of Medical Genetics (Prof. Diane Arthur), University of Minnesota, Minneapolis, USA.

Dr Döhner's main research interests are the identification, characterization and clinical diagnosis of genetic changes in hematologic malignancies, including acute and chronic leukaemia, as well as the conduct of clinical trials in acute myeloid leukemia. Dr Döhner is Chair of the German-Austrian AML Study Group (AMLSG). Dr. Döhner is lead author on the European LeukemiaNet (ELN) recommendation for diagnosis and management of AML and he is co-chair of the myeloid disease Clinical Advisory Committee of the International Consensus Classification of Myeloid Neoplasms and Acute Leukemias.

Dr Döhner has received many awards, including the 2014 José Carreras Award of the European Hematology Association (EHA) and the 2019 Binet-Rai Medal of the International Workshop in Chronic Lymphocytic Leukemia (iwCLL). Dr. Döhner has published more than 500 peer-reviewed papers. Since 2014, Dr. Döhner is listed among the Web of Science Highly Cited Researchers in Clinical Medicine.
